About this project

This page lists the studio apartments at Sun Valley Resort & Residency. Sun Valley Resort & Residency is a residential community in Esentepe, in the Kyrenia region of Northern Cyprus. It is laid out in two areas: Mountain Side, in pine-forested hills, and Countryside East, among open green landscapes. This page brings together eight villages. In Mountain Side: Heaven's Hill Village, Heaven's Hill Village II, Rose Village and Infinity. In Countryside East: Wonderstone Villas, Wonderstone Apartments, Golden Circle and Hanging Gardens. The homes range from studios and one-bedroom apartments to loft penthouses, a bungalow and three- and four-bedroom villas with private pools, and prices start from £129,900. Payment plans are set per village. At Heaven's Hill Village II, for example, the plan is a 40% down payment with the remaining 60% interest-free over 5 years, with delivery planned for February 2028. Your advisor will confirm the plan for the home you choose. The homes listed here are a selection, not the full inventory. Availability and prices change daily, so please confirm a unit with your advisor before making a decision.
