About this project

Orchard is a contemporary residential community located in Yeniboğaziçi within the Famagusta region of Northern Cyprus. The development includes multiple sections such as the Lotus Blocks, designed to provide a peaceful and organized neighborhood surrounded by landscaped green spaces. Yeniboğaziçi is known for its calm residential environment and its convenient proximity to the city of Famagusta, universities, and the beautiful beaches along the eastern coastline. This studio apartment offers a smart and efficient open-plan layout that integrates the living, sleeping, and kitchen areas into a modern and practical space. Large windows allow natural light to fill the interior, while a private balcony or terrace provides a pleasant outdoor area to relax and enjoy the surrounding residential setting. The compact design makes it an excellent option for individuals, couples, or investors seeking rental-friendly properties. Orchard (Lotus Blocks) combines contemporary architecture with a relaxed community atmosphere close to schools, supermarkets, and essential amenities. With Yeniboğaziçi continuing to grow as a desirable residential district in North Cyprus, this studio apartment represents a strong opportunity for both lifestyle buyers and long-term property investors.
